Darren's Dialogue...

I have started working with a program called SMI (Success Motivation International). It helps people accomplish their goals, and I don't care who you are, if you are not a goal setter then you are not accomplishing what you can accomplish. It excites me to be a part of such an organization, to help people become what God intended them to be.

That is right along the same lines as BLI, and that is why I have joined. BLI is taking a new approach to reaching people. While I am going to continue preaching the gospel in churches and camps and presenting my messages as often as I can in schools, I am also going to start focusing more on businesses. This is a new market for me and I'm not sure about how to reach out to them. So, if you know of a business who needs' to motivate their employees in an entertaining way, please let me know.

Also, I am trying to expand the BLI ministry by hiring on some new employees. This will give the performances a better, more professional look and allow me to present to people the presentation that they have paid for.

Please pray for the success of this ministry and as I venture out into SMI and my success in that as well.

Thanks, & God Bless!
